## EDUCATION

National Institute of Technology, Kurukshetra

2022 – 2026

B.Tech - Electronics and Communication Engineering - **Current CGPA - 8.58**

Kurukshetra, Haryana

## SKILLS

**Languages and Technologies:** C, C++, Java, Python, SQL, Machine Learning, Deep Learning

**Computer fundamentals:** OOPS, DSA, Computer Network, DBMS, Operating System

**Tools:** HTML, CSS, JavaScript, React, Node js, MongoDB, Git, Github

## PROJECTS

**Hungryy (A MERN Stack Food Delivery Website)**

- Developed a responsive food delivery website using the MERN stack. The front-end (React.js) offers an interactive interface, while the back-end (Node.js and Express.js) manages server operations. MongoDB stores data, and secure payment processing is integrated. An admin panel enables easy food item editing and order management. Users can browse menus, place orders, and make payments seamlessly.
- PROJECT LINK**

**Assisto (A Virtual Assistant)**

- Developed a full-stack customizable virtual assistant with personalized name and avatar support, enhancing user engagement and interactivity. Integrated Gemini API for intelligent responses, leveraging dynamic frontend-backend communication for real-time assistant behavior.
- PROJECT LINK**

**WhatsStat (A WhatsApp Chat Analyzer)**

- WhatsApp Chat Analyzer is a machine learning-based project that analyzes the content and patterns in personal or group WhatsApp chats. It helps uncover meaningful insights such as the most active participants, message frequency, emoji usage, word clouds, and more just by uploading an exported .txt file.
- PROJECT LINK**

## EXPERIENCE

**Research Intern | NIT Kurukshetra**

Jun 2025 – Jul 2025

- Engineered a lightweight, Python-based cipher encryption system ensuring end-to-end secure communication.
- Designed to withstand brute-force and cyber attacks using robust cryptographic techniques.

**Python Developer Intern | EiSystems**

May 2024 – Jun 2024

- Contributed to diverse Python-based projects, applying various coding methodologies in practical scenarios.
- Enhanced programming skills and gained hands-on experience with real-world development workflows.

**Web Developer Intern | CodeTech IT Solutions**

May 2023 – Jun 2023

- Contributed to the development of dynamic web applications using modern front-end and back-end tools.
- Gained hands-on experience in full-stack development with latest web technologies and agile practices.

## POSITION OF RESPONSIBILITY

**Shiksha - Volunteer Educator**

- Spearheaded free educational sessions and impactful academic events, fostering holistic student development.
- Championed leadership, communication, and collaborative growth through immersive, hands-on teaching experiences.

**NSS (National Service Scheme) - Volunteer**

- Led civic initiatives and outreach campaigns promoting sustainability, equality, and social reform.
